

EXPLORE THE ARTS & CULTURE IN

C★U★B★A

April 13-21, 2019

**ALTERRA
CONSULTING**

W*elcome to Cuba!* Over 9 days on this magical island, you will experience this nation's fascinating history, its tapestry of cultures, and its world-beating commitment to the arts!

Music, dance, and the visual arts are alive in Cuba! And evident everywhere you go! Nationwide, 200 neighborhood cultural centers highlight all art forms - music, dance, film, theater, and the visual arts. On this trip, we will spotlight music, dance, and the visual arts. You'll engage with the range of art forms, including the very unique Afro-Cuban style. You'll visit galleries, clubs, and studios - and have the chance to purchase items for your family, friends, and private home!

Afro-Cuban culture is strong and resilient! Cuba maintains an enduring connection to the African continent. The African influence permeates Cuban history, religion, art, wisdom, and emancipation battles. On this trip, you will experience how Africa has shaped and defined Cuban culture for 500 years.

Cuba is a "must-destination" for foodies! You will enjoy the rich and varied flavors of the nation's diverse traditions. You'll visit eateries where locals dine, and you'll access the paladars, too - private restaurants boasting top artisanal chefs!

Cuba's history is unique - and its culture rich & textured! You'll tour include cigar and rum factories, complete with tastings and samples. You'll ride in a vintage car along Havana's seawall - the Malécon. You'll engage with historical Cuba, Afro-Cuba, and a contemporary Cuba seeking its own way in the world. You'll witness the struggles of these last 60 years, and see the resiliency in Cuba's people!

Cuba's architecture is simply stunning. Old Havana - a UNESCO World Heritage site - is one of the most architecturally diverse city centers in the world. And it is changing before our eyes. One by one, grand old mansions, palaces, hotels, and cathedrals receive fresh coats of paint, structural overhauls, and careful façade restorations.

Enjoy a host of optional activities! We have built in time to explore and enjoy Havana on your own. Activities range from dancing and drumming classes to evening gallery events, golfing, flea markets - and downtime on the beach. Take in the theater, ballet, a bustling modern club - even street music or a boxing match, as you wish!
