As we explore

# JAPAN

In Summer 2026

We will dive into Japan's rich culture and historical heritage

Starting with visits to traditional and modern sites in and around greater Tokyo

The trip explores the country's many cultural and historical sites. **Everyone** on this small group journey – to include friends, family, and others – will find lots to do! Tokyo and Kyoto blend the modern and the traditional.

They will delight you with their palpable energy and historical and cultural significance. Japan has a vast range of activities and strong cultural aspects that will make your eyes shine. It is home to ancestry and development. During this trip, we will create awesome memories and live wonderful experiences.

We'll explore the nation's past, appreciating it all the while through a contemporary lens. Alluring landscapes that transform with the seasons – we'll witness them. Hiking trails abound, as do natural hot springs, outdoor baths, and traditional Japanese saunas. We look forward to experiencing Japan with you, **July 8-19, 2026!**
